

# ECO BALLPOINT PEN

**\$1.09**

Minimum order of 500 pieces

Take note of this eco-friendly pen option that's sure to make both the planet and your bottom line smile! Made from 80% recycled materials from plastic water bottles, this push action pen is an affordable and simple substitute to the standard pen promo options! You'll be able to promote a healthier planet while still getting business done with the low-cost price that includes BioCell, individual compostable film packaging. And if you needed any other reason to choose this pen, there's options for 48 hour service and customized packaging!
