

QUINN BLUE BLOCKER GLASSES

\$19⁷⁷

Minimum order of 50 pieces

We device zombies can't escape the notorious blue light. You know, that pesky ray that emanates from our screens and keeps us wired and awake... We all need a break from it—including your customers. These special blue light blocking glasses help to reduce the strain and damage on your eyes caused by our screens. These attractive unisex frames are completely customizable, so you can create the perfect pair of glasses to keep you stylish all day long and when your customers put them on, they'll be seeing you in a whole new light!
